# Vampire Library

As  
always,

SMILE

You look  
beautiful  
today,  
Olivia.

BLISSFUL  
♥

Yes,

don't  
I just?

At this rate,  
the genre is going  
to become as  
messed up as the  
characters.

...Heh,  
so much  
for vampire  
blood.

Tastes  
fucking  
awful.

Be quiet.

...See?  
I told you  
I wasn't  
going to  
die.

Interesting  
bastard...

Actually  
...

I find  
the original  
Mano more  
endearing.

\*The author and her editorial team have failed to correct the script here.

Do you smell something foul?

SNIFF  
SNIFF

Now that you mention it...

Heey.

Long time no see.

So he's finally here...

Did  
you get the  
package  
I sent?

...It's garlic stench!!!

HURK...

?

Benedict... It would seem that your black garlic farm is still thriving. The smell has gotten worse.

Do not come any closer.

HAHA!

You're the same as ever.

Anyway,

What are those?

AH!

It's a technique mostly  
used to seduce humans in  
order to drink their blood.

It's also used by  
elder vampires to  
deceive younger ones.

*Shapeshifting.*

Every-  
thing's out  
in the open  
now.

So why  
don't you  
revert to  
your true  
forms?

...  
Hmph!!

My  
name is  
Lulu.

I'm her  
younger  
brother,  
Luca.

We are Gourmets.

You... are  
Gourmets?

When we're disguised as stray cats, humans do not hesitate to approach us.

And in that moment,

even if we scratch

or bite them, they don't seem to care.

My claws and teeth have a special power

that reverses the personalities of whoever they touch...!

Of course,

A  
H  
A  
H  
A  
H  
A

They all become docile in front of me!!

Sis! Why did you tell them all of that?

Crap! I was so busy bragging I didn't even notice that I revealed my powers!

Now  
then,

**Die.**

I mean...  
you're  
under  
arrest.

Did you  
really think  
you'd be  
safe after  
touching  
what's  
mine?

To think  
you'd walk  
in here on  
your own...

Welcome  
to Vampire  
Prison.

Huh?

No...

Um,

That...

Somebody  
save us!!!
